# Duo Mobile

## Turn On Passkey for Secure and Convenient Login

Naveed Sidker, Jordan Vann, & Brian Velazquez-Romero

(Velazquez-Romero)

# What is Passkey?

- Replacement for passwords

- More secure and convenient

- Uses your device's facial recognition, fingerprint reader, or passcode to authenticate you
  ("About the Security of Passkeys")

(Stock photo of a padlock; Velazquez-Romero)

# Requirements

**Apple**

- iOS 16+/MacOS 13+
- Face ID/Touch ID enabled
- iCloud Keychain **and** two-factor authentication enabled
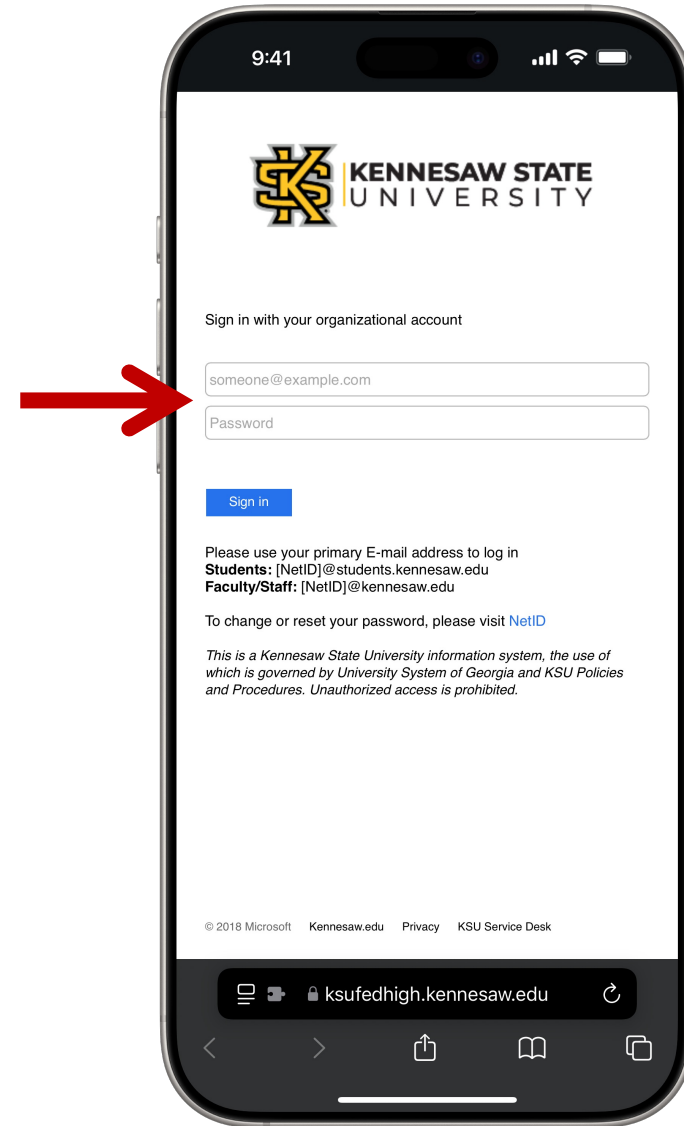

**Android**

- Android 9+
- Preferred password manager enabled
  ("Device and Browser Compatibility")
